

Timetable, SiMR Faculty										Acad. year 2025/2026																																																
I year of study										1-st semester (winter)										Full-time study																																						
		1.1 Mechanical Engineering																				1.1 Mechanical Engineering																																				
MONDAY	8:15 - 9:00																			THURSDAY	8:15 - 9:00																																					
	9:15 - 10:00																				9:15 - 10:00																																					
	10:15 - 11:00	Legal Aspects of Entrepreneurship HES (lecture) room 3.7																			10:15 - 11:00																																					
	11:15 - 12:00																				11:15 - 12:00	Complex analysis (lecture) room 4.10C																																				
	12:15 - 13:00	Probability and statistics (lecture) room 3.6																			12:15 - 13:00																																					
	13:15 - 14:00																				13:15 - 14:00	Complex analysis (exercises) room 4.10C																																				
	14:15 - 15:00	Probability and statistics (exercises) room 3.6																			14:15 - 15:00																			Computer aided manufacturing (lecture + lab.) room 4.8																		
	15:15 - 16:00																																						15:15 - 16:00																			
	16:15 - 17:00																				16:15 - 17:00																																					
	17:15 - 18:00																				17:15 - 18:00																																					
	18:15 - 19:00																				18:15 - 19:00																																					
	19:15 - 20:00																				19:15 - 20:00																																					
			1.1 Mechanical Engineering																				1.1 Mechanical Engineering																																			
TUESDAY	8:15 - 9:00	Applied physics (lecture) room 0.3																				8:15 - 9:00																																				
	9:15 - 10:00																					9:15 - 10:00																																				
	10:15 - 11:00																					10:15 - 11:00																																				
	11:15 - 12:00	Mechanics (lecture) room 0.3																				11:15 - 12:00																																				
	12:15 - 13:00																					12:15 - 13:00																																				
	13:15 - 14:00	Mechanics (exercises) room 3.2																				13:15 - 14:00																																				
	14:15 - 15:00																					14:15 - 15:00																																				
	15:15 - 16:00																					15:15 - 16:00																																				
	16:15 - 17:00																					16:15 - 17:00																																				
	17:15 - 18:00																					17:15 - 18:00																																				
	18:15 - 19:00																					18:15 - 19:00																																				
	19:15 - 20:00																					19:15 - 20:00																																				
			1.1 Mechanical Engineering																				1.1 Mechanical Engineering																																			
WEDNESDAY	8:15 - 9:00																					I ps. - first half of the semester II ps. - second half of the semester																																				
	9:15 - 10:00																																																									
	10:15 - 11:00	Computer programing (lecture) room 3.1																																																								
	11:15 - 12:00																																																									
	12:15 - 13:00	Computer programing (pro) . room 3.1																																						8:15 - 9:00																		
	13:15 - 14:00																																							9:15 - 10:00																		
	14:15 - 15:00																																							10:15 - 11:00
