

## **26th Symposium SAFETY IN MOTOR VEHICLES**

Institute of Vehicles of Warsaw University of Technology organizes on 24/11/2017 (Friday) 26th annual symposium on safety in automobiles. Our seminars are a meeting place for professionals dealing with this issue in industry, research centers, departmental institutes, technical universities. They give a possibility to exchange information and integrate the community connected with safety in motor vehicles.

We invite everybody interested in this field. Participation in the symposium is free of charge. Please confirm your participation.

### **P R O G R A M**

- 11.00 - Opening the symposium
- 11.15 - Witold Luty (Warsaw University of Technology, Faculty of Transport): Non steady-state side slip of tyres in experimental and simulation studies
- 11.45 - Aleksander Kuranowski (Cracow University of Technology, Institute of Automobiles and Combustion Engines): Power steering for selected vehicle motion conditions
- 12.15 - Przerwa
- 12.45 - Wiesław Pieniążek, Stanisław Wolak (Cracow University of Technology, Institute of Automobiles and Combustion Engines): The problem of the measurements of velocity and acceleration in curvilinear motion of automobiles
- 13.15 - Michał Makowski, Wiesław Grzesikiewicz, Janusz Pokorski (Warsaw University of Technology, Institute of Vehicles): Investigation of the influence of controlled magneto-rheological dampers on vibrations of a vehicle
- 13.45 - Discussion
- 14.15 - Closing the symposium

Place of the symposium: Warsaw University of Technology, Building of Automobiles and Tractors, Warsaw, 84 Narbutta Str., Prof. Zbigniew Osiński Auditorium - ground floor.

Contact: Andrzej Reński - tel.: 0048 (22) 234 87 85 or 0048 (22) 849 03 03,
